## Manage your business more effectively

Easy to use screen designs and interfaces – that dramatically streamline training.

Provides Box-Office and Internet Ticket Sales functionality for Individuals and for Groups.

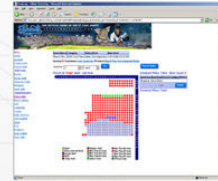

All in one integrated solution...

## Service your customers better

Supports the management of your venue – “Hold Seats” on a customer, package, group and/or contract level.

Supports your unique “Packages” – Season Packages, Mini-Plans, Suites, Picnics, Birthdays, Special Events, Food, Group Outings, and more...

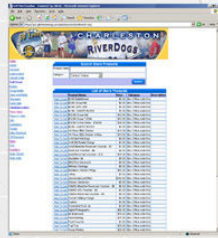

## Support for all your products/services

An integrated “Store” that supports all your products and services.

Suite Rentals, Picnic Packages, Birthday Packages, Food and Ticket Vouchers, Merchandise for Individuals, Groups and so much more...

...with inventory management and robust POS functionality.

## Real-time visibility to your business

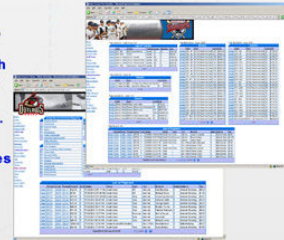

Hundreds of useful reports are provided “out-of-the-box”

Visibility to each game and event with detailed sales and attendance data.

Visibility to rentals, packages and special promotions.

Detailed daily sales activity reports.

And a great deal more...

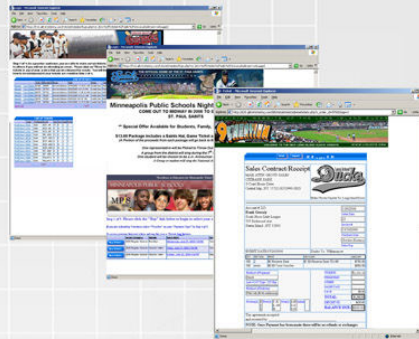

## Optional Print-At-Home e-Tickets

Barcoded E-Tickets with customizable advertising and Group Deals with custom specific messaging (GPortal).

## Extensive Sales/Marketing Tools

Several modules to support your sales and marketing efforts - GHub (Ticket Resale/Transfer); GPortal (Group Deals); Contract Mgt. / CRM to manage your Group Deals.

## Merchandise/POS/Online Store

An Integrated Store for Group Sales, full featured retail POS for your “brick-and-mortar” and Online Stores - all with inventory management and tracking.

## Special Events and Concerts

Special Events & Concerts are supported with multiple seating, pricing and packaging options – all in one integrated system.

PLUS: Get real-time visibility into daily transactions.

Streamline credit card merchant account reconciliations.

Improve and track productivity.

Reduce training time – significantly!

Know your customers, their history and their behaviors.
